CONTRACTOR

IMPORTANT INFORMATION / DIRECTION & INSTRUCTIONS

1. Tenderers are strongly advised to go through all the drawings & documents in connection with contract very carefully. The Contractors should visit the Site and see all site conditions.
2. Tenders not properly filled, mutilated with incorrect calculations or generally not complying with stipulations conditions are liable to be rejected. If there is difference in figures & words, the amount given in words will be taken as quoted rates.
3. The work must be completed to the satisfaction of the School Authorities / Architect within the specified time.
4. The tender form must be filled in English and all entries must be made by hand and written in ink, in words and figures. Any tender in which, there is over-writing or erasure is liable to be rejected. Tenderers which propose any alterations in the work specified in the said form of invitation to tender or in the time allowed for carrying out the work or which contain any other conditions of any sort, is / will be liable to be rejected.
5. All tenderers are expected before quoting their rates to inspect the site of the proposed work. They are also advised to inspect and examine the site and its surrounding and satisfy themselves before submitting tenders, as to the nature of the existing site conditions, the form and nature of the existing structures at site, the means of access to the site, the accommodation they may require including that required for labour and in general shall themselves obtain all necessary information as to risks, Contingencies and other circumstances which may influence or effect their tenders. A tenderer shall be deemed to have full knowledge of the site, whether he inspects it or not and no extra charges consequent to any misunderstanding or otherwise shall be allowed.
6. Every tenderer should inspect the source of materials, their quality and availability. The materials must strictly comply with the relevant specifications. Sample of the materials as required by the School Authorities / Architect in all cases shall be submitted for its approval before the supply to the site of work begins. In absence of any specifications of any material or workmanship the same shall have to be to the entire satisfaction of the School Authorities. He must go through all the drawings specifications and tender documents. Any further clarification required in the drawings and documents can be had from the office of the Architect.
7. The contractor's rate must also include the cost of all the materials, transportation of material to the site, all taxes, insurance and duties such as Excise, Octroi, Royalty or as applicable or any other taxes, etc, excluding GST & Labour Cess and fixing or placing in position at all heights and depths in the

building for which item of works is intended. The rates shall also include the cost of insurance of all types such as relating to the project, adjoining properties and the persons involved and specially the earthquake. It should be clearly understood that claim for any extra GST, excise duty, erection and hire of T&P sheds for materials, loss of materials / theft, claims due to fire, theft, flood, earthquake, lightening, burglary, civil commotion shall not be entertained in any case whatsoever, once the tender(s) are accepted.

8. Water (recommended good for the construction) shall be arranged by the School Authorities at one point. The distribution and laying of pipes will be the responsibility of the contractor and at his own cost. Plumbing and distribution will be his own, and no extra charges shall be payable to the contractor including the cost of testing of water from laboratories.
9. Electricity connection required for construction shall be arranged by the School Authorities at one point of each location. All cabling, equipments, installations, etc. shall comply in all respects with the latest statutory requirements and safety provisions as per the Central / State Electricity Acts and Rules.
10. No alterations shall be made by the tenderer in the Notice Inviting Tenders, instructions to the contractor's contract form, conditions of contract, drawings and specifications. If any such alterations are made, the tender is liable to be rejected.
11. If tender is made by i) an individual it shall be signed with full name and complete address. ii) If it is made by a firm, it shall be signed by a partner authorized by the firm. A certified copy of the registered partnership deed shall also be submitted along with the tender. iii) In case the tender is made by or on behalf of a company incorporated under the Companies Act (1 of 1956) it shall be signed by its Managing Director duly authorized on that behalf and shall bear the official seal of the company.
12. Each tender shall furnish earnest money of Rs. 5,000/- (Rupees Five Thousand only) by Demand Draft made in favour of Principal, SCDAV School, NOIDA with the tender. The earnest money will be refunded to the un-successful tenderers after allotment of the work without any interest. Tenders without the earnest money will forthwith be rejected. The earnest money shall be retained in the case of the successful tenderer and shall not carry any interest. It shall be dealt with as provided for in the conditions of contract. Without prejudice to any other right or remedy available to the School Authorities, the earnest money deposit is liable to be forfeited in case the tenderer modifies the terms and conditions of the tender or revokes his tender during the validity period or upon acceptance of the tender or fails to start the work in accordance with the instructions of the School Authorities. The decision of the School Authorities in this regard shall be final and conclusive and is binding on the tenderer.

13. No excuse as regards for want of information of any particular point will be considered after the tender has been submitted. No advice or any change in rate or conditions after the opening of tender shall be entertained unless mutually agreed to.
14. The contract is Item Rate contract and the contractor shall be paid for accordingly.
15. The School Authorities reserves the right to make any alteration, addition or deletion or may completely omit any item and may get any item executed from any other agency. The contractor has to co-ordinate with any agency engaged by the school Authorities and shall have no objection on this account and shall not claim the anticipated profit on such items.
16. All works shall be carried out in accordance with the CPWD specifications, general conditions, drawings, bills of quantities and other contract documents. Specifications for works not covered in the documents shall be as per the latest Indian Standard Specifications pertaining to such item of works and in case of specifications not available in IS codes, current CPWD specifications shall be applicable and will hold good. In case of any disputes, contradictions and ambiguities anywhere in the contract, the decision of the School Authorities / Architect shall be final, binding and conclusive.
17. The contractor to whom the work will be awarded will have to get an insurance policy for an amount equivalent to the contract value, without any extra charge to the School Authorities. The insurance policy must cover all other accidents such as earthquake, fire, untoward happening and contingencies including damages to i) labour / any person ii) any other property at site & adjoining properties iii) in connection with performance of the contract. The insurance policy shall be deposited with the School Authorities as the first beneficiary. The contractor shall keep the School Authorities indemnified against all sorts of damages / liabilities / litigations on this account. The Contractor shall not sublet any work without the permission of the School Authorities.
18. The contractor shall arrange all required Machinery & Equipments.
19. Tenders shall remain open / valid for acceptance for a period of 120 days from the date of opening of tenders. If any tenderer withdraws his tender before the said period or make any modifications in the terms and conditions of the tender which are not acceptable to the School Authorities, then the School Authorities shall without prejudice to any other right or remedy, be at liberty to forfeit the total earnest money.
20. Time Schedule: A construction schedule (weekly) of execution of the work will be prepared by the Contractor and the same shall

be got approved from the Architect in consultation with the School Authorities.
